# Sophos UTM 110/120

Unified protection for small business networks

‣ **Easy management:** You can manage all settings via a web-based graphical user interface (GUI). There's no need to use a command line or third-party software.

‣ **Extensive reporting:** Gain insight into system status, detected malware and accessed resources.

‣ **Clean Internet access:** Sophisticated network, mail and web filters protect your network and control application usage.

‣ **Protected data:** Strong encryption protects data transferred between offices and mobile workers or delivered via email.

‣ **Complete UTM protection:** The full suite of optional security features is available on all Sophos UTM appliances.

‣ **Flexible deployment:** Securely connect branch offices to your headquarters while completely protecting small business locations.

Sophos UTM 110/120 is designed to provide complete and usable protection for small businesses, branch and remote offices. Its compact size and economical price make it a perfect fit for any small office environment.

Deployment scenario of Sophos UTM 110/120

Your Benefits

‣ Comprehensive enterprise-class security even for the smallest business

‣ Familiar web-based graphical user interface (GUI) for complete system management

‣ End-user self-servicing portal frees administrators from daily spam and VPN management tasks

‣ Automatic system updates make manual software downloads unnecessary

‣ Integrated hard drive for full local logging, reporting and email quarantine management

Technical Specifications

Appliance	Sophos UTM 110/120
Security applications	
Essential Network Firewall	Included
UTM Network Protection	Optional subscription
UTM Email Protection	Optional subscription
UTM Web Protection	Optional subscription
UTM Webserver Protection	Optional subscription
UTM Wireless Protection	Optional subscription
UTM Endpoint Protection	Coming soon
Capacity	
Maximum licensed users (UTM 110/UTM120)	10 / unrestricted
Recommended users*	1-10/11-80
Firewall throughput	1.8Gbps
IPS throughput	240Mbps
VPN throughput	180Mbps
Antivirus throughput	70Mbps
UTM throughput	45Mbps
RED throughput	50Mbps
Email throughput (scanned/seen)	40,000/250,000 emails/h
Concurrent connections	120,000
Hard drive for local quarantine and logs	Integrated
Physical interfaces	
Ethernet interfaces	4xGigabit Ethernet
I/O ports	2xUSB, 1xCOM (RJ45), 1xVGA
LED display	Power, HDD, 4xLAN
Power supply	DC: 12V, AC: 100-240V, 50-60Hz, max. 1.6A
Physical specifications	
Mounting	Desktop or wall (rack mount kit available)
Dimensions (WxHxD)	210x44x145mm
Weight	1.15kg/2.53lbs
Power consumption (standby/full)	7.15/35.96 Watts
Operating temperature	5-35°C (operating), 0-70°C (storage)
Humidity	20-90% (operating), 5-95% (storage), non-condensing
Safety regulations	
Certifications	CE, FCC Class B, CB, VCCI, C-Tick, UL

*Numbers are a rough guideline only. They may be much higher in specific environments depending on user characteristics, application usage, security configurations and other factors.

Add-ons

Every company's network and operating mode is different. We provide you with a number of add-ons you can select and combine to suit your needs.

Essential Network Firewall

Offers basic security functions to help protect your business network.

UTM Network Protection

Protects against sophisticated types of malware, worms and hacker exploits that can evade your basic firewall.

UTM Email Protection

Secures your corporate email from spam and viruses while protecting sensitive information from cybercriminals.

UTM Web Protection

Protects your employees from web threats while controlling how they spend time online.

UTM Webserver Protection

Protects your web servers and applications like Outlook Web Access (OWA) from modern hacker attacks.

Coming soon: UTM Endpoint Protection

Protects endpoints at any location against malware and data loss with a centrally deployed security agent.

UTM Wireless Protection

Dramatically simplifies the operation of secure and reliable wireless networks.

RED (Remote Ethernet Device)

It's the easiest and most affordable way to secure your branch offices.
